

### General information event

Date	5th to 8th of July 2009
Location	Uithof - Educatorium
Duration in days	4
Number of participants	350

### Emissions per activity (ton CO<sub>2eq</sub>)

<b>Total emissions</b>	<b>791,34</b>
Energy consumption	14,26
Transport participants host country	0,74
Transport participants from abroad	7,07
Flights	732,40
Road transport	0,78
Catering	20,35
Hotel stays	15,75
Paper consumption	0,00
Other emissions	0,00

### Key figures

Average emissions per visitor	2,26
Average emissions per day	197,84

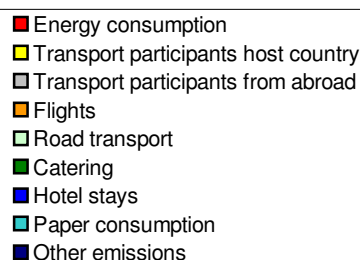

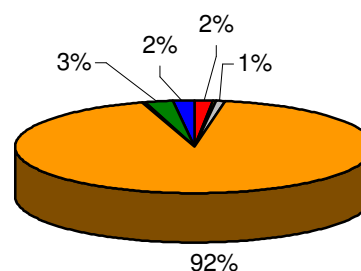

### To offset emissions

Number of hours a wind turbine (2,3 MW) has to be operational	1.978
---------------------------------------------------------------	-------

### Supported projects

Windtrubine park in Taiwan (Gold Standard)  
Compostproject in Egypte (CDM)
